## **BAVARIA WILL UNVEIL NEW LINE OF DECK SALON SAILBOATS IN NORTH AMERICA AT FALL BOAT SHOWS**

ANNAPOLIS, Md. – July 24, 2006 – Bavaria Yachts USA has announced plans to introduce a new series of deck salon sailboats at this year’s fall boat shows.

The new Vision-series deck salon boats will be available initially in 40- and 44-foot models, with a 50 footer to follow in 2007, according to Bruce Mundle, president of Bavaria Yachts USA.

“We are introducing this new series in response to the growing market for deck salon boats to meet today’s sailing lifestyle,” said Mundle. “The new boats will have more space below decks and a large cockpit for gracious living, while the bigger sail plan and lead keel will provide impressive performance underway.”

Standard features will include a large galley with icebox and front-opening refrigerator, high-quality shades for the large panoramic side windows, built-in drawers under the forward berth, solar-powered stainless steel vents, spinnaker winches and dual steering wheels.

“These will be beautiful boats to look at, and a pleasure to live on and sail,” said Mundle. “We are tremendously excited to introduce them to the North American market this year, and we invite our customers and friends to come and see these magnificent German-engineered sailing machines at the fall boat shows.”

Specifications for the new deck salon boats are now available on the Bavaria USA Website at [www.bavaria-yachts.com](http://www.bavaria-yachts.com).
